

**Notice of Amendment to the  
Rigetti Computing, Inc. Code of Business Conduct and Ethics**

On May 5, 2026, the Board of Directors of Rigetti Computing, Inc. (the “Company”) approved an amendment to the Company’s Code of Business Conduct and Ethics (the “Code”). The amendment clarifies that, notwithstanding any confidentiality restrictions in the Code, nothing in the Code (or any other Company policy) limits or prohibits current or former employees, officers or directors from reporting violations of law directly to a government agency or entity, or from making other protected disclosures. The amended Code does not materially change the responsibilities and obligations that previously applied to employees, officers and directors, and the amendment to the Code did not result in any explicit or implicit waiver of any provision of the Code as in effect prior to the amendment.

The above summary of the amendment to the Code is qualified in its entirety by reference to the full text of the amended Code, which is available on the Company’s website at [www.rigetti.com](http://www.rigetti.com) under the “Investors – Governance” section.
